VermarcUSA Custom Clothing Order Information Details

Minimum Orders

Our minimum order is 11 units of each item. For example, 11 short sleeve jerseys, 11 bib shorts, 11 jackets.

Time Line

Preparing artwork is the most time consuming part of custom jersey production and the time it takes to complete this process is entirely up to you. Please see our artwork requirements to optimize your success in completing this part of the production process.

When your artwork is finalized and approved, production begins. Orders placed from April through October take six to ten weeks for delivery. During peak season, November through March, allow eight to twelve weeks. Small orders, from 11-26 jerseys, take somewhat shorter time.

Pricing

We quote each order individually so we can match your specific requirements and pass volume discounts and factory specials on to you. Call us today for a custom quote. 303-443-2884.

Deposits

A 50% deposit is required along with your completed order and approved artwork. We will notify you when your finished order arrives from Belgium. Final payment is required in full prior to shipping your order to you. We do not accept credit cards for custom orders; payment must be made by check or money order.

Art Setup Fees

We charge a one-time cliché fee (the Belgian term for art setup) of \$155 per color for tops and \$95 per color for bottoms. White is free.

For example: You want a white jersey with a red and green color design. You plan to use the same art for short sleeve jerseys, long sleeve jerseys and jackets. Your cliché fee would be \$310 (White free + \$155 for red and \$155 for green = \$310). This cliché fee is charged once for all top garments with the same artwork.

If you want to also make bib shorts and shorts using black with red and green art, the cliché fee for the bottoms would be \$285 (\$95 for black + \$95 for red + \$95 for green = \$285). This cliché fee is charged once for all bottom garments with the same artwork.

There is no cliché fee for subsequent orders using the same art. For example, if you keep the same art for three years, there is no additional cliché charge. However, if you change logos or any other design element, for production purposes, it is considered new art and has a new cliché charge.
